

Catering Information

The Forum event staff can provide referrals to approved local and full-service caterers who have current Department of Health (DOH) certifications as well as a certificate of insurance (COI) on file at The Forum. Event sponsors may use their own preferred catering vendor as long as the DOH certificate and COI have been received by The Forum at least one month prior to the event. The Forum must review and approve the vendor for service at The Forum. The Forum is committed to sustainability practices that are good for the health and wellbeing of our community and our earth. We encourage the use of dishware that is reusable, recyclable, or compostable and the use of locally and organically sourced ingredients that are ethically produced. We are a linen-free building, providing elegant finished event furniture. The Forum has a \$250 per day catering fee for events over 30 people and/or which require the use of The Forum’s pantry.
